

This Graduate Certificate is offered by the Walker School of Business & Technology, at the St. Louis, USA home campus and now at the Athens campus.

This 4-month program takes students through 4 graduate level courses (12 Webster University graduate credit hours) that lead to an internationally recognized Webster University Graduate Certificate in Oil & Gas Management.

Be a part of making the difference!

Contact us for information on applying to join this third Webster University Oil & Gas Management Cohort beginning August 24th, 2020.

PROGRAM DESCRIPTION

Professionals with managerial skills and competencies in business are increasingly valued by the global oil and gas industry in the 21st century. The oil and gas certificate will offer a unique and advanced level introduction to the managerial operation of the petroleum industry, along with a review of emerging energy issues. The courses proposed will address major components of the upstream and downstream oil and gas operations, including business law, economics, operations, project management, the supply chain, management and leadership within the oil and gas sector.

Learning Outcomes

- Demonstrate foundation knowledge in the core areas of the oil and gas sector including business law, economics, operations, supply chain management, project management and management.
- Explain the key elements of oil and gas exploration, production and transportation.
- Analyze the economic aspects of international markets in oil and gas.
- Integrate the skills needed to direct operations, effectively communicate and negotiate within the oil and gas sector.

COURSES, PROGRAM SCHEDULE AND OPTIONS
