Business professionals are often challenged to design, plan and complete projects on deadline and within budget. With the MBA with an emphasis in Project Management, graduate students develop theoretical concepts and practical skills needed in successful project management and budget planning.

This emphasis delivers a series of project management courses for graduate students in either business or non-business majors. This certificate is designed to equip the students with theoretical concepts and the practical skills needed for successfully completing projects on time and within budget.

Students completing the program will gain knowledge and tools in planning, scheduling, executing, controlling and closing projects.
